QUESTION 1

An organization wants to search hundreds of scanned documents for key information like dates, names, and other specific words. Why should the organization use application programming interfaces (APIs)?

- A. To replace the scanned documents with an online survey
- B. To ingest data in real time and encrypt unmatched words
- C. To create digital versions of the documents and locate key information
- D. To transform the documents into unstructured data.

Correct Answer: C

QUESTION 2

A manufacturing organization has a large collection of images labeled as intact or defective parts. They want to use this data to build a simple solution to detect faulty parts on their production line. They have no data science expertise. Which solution should they use?

- A. Pre-trained APIs
- B. Document AI
- C. AutoML
- D. Discovery AI for Retail

Correct Answer: C

QUESTION 3

An international law firm needs their HR application to be able to share and access varying amounts of sensitive data across their branch offices. Why would using Cloud Storage be beneficial for them?

- A. It stores geographically dispersed copies of data to prevent loss.
- B. It offers an affordable upgrade that enables data encryption.
- C. It randomly allocates data to different storage locations to protect against threats.
- D. It has a low minimum storage amount requirement.

Correct Answer: A

QUESTION 4

An organization needs to train a custom machine learning model to categorize customer responses from their

website's contact form.

Which Google Cloud product or service should the organization use?

- A. Anthos
- B. Recommendations AI
- C. AutoML Natural Language
- D. Pub/Sub

Correct Answer: C

QUESTION 5

An organization wants to upskill their IT staff. How can they do this in a transformational way?

- A. Prioritize training current employees instead of hiring new recruits with cloud experience.
- B. Prioritize giving privileged access to third-party partners and contractors to fill IT knowledge gaps.
- C. Create a culture of self-motivated, isolated learning with official training materials.
- D. Create a culture of continuous peer-to-peer learning with official training materials.

Correct Answer: D
